The President's disapproval of the

Another feature is the fact that approval confidently was expected, and it was felt that the dishursement of nearly \$2,000,000 would tend to remedie.

Anomer reaction of the provided confidentity was expected, and it was felt that the disbursement of nearly \$2,000,000 would tend to remedy a business condition in Washington which is none too satisfactory.

There is room for an honest difference of opinion on the value of the Plaza property. The value of real estate cannot be quoted accurately. One man will pay twice what another would offer for ar identical piece of ground.

It is well to bear in mind that the \$1,000,000 or so going to the Baltimore and Ohio Railroad is a mere drop in the bucket to that corporation. G. B. Post to Lewis Johnson & Co.-I have just returned from a two weeks trip in the Middle West and the sentiment which prevails there is intensely blue, and bluer the further West I went. I like the general acceptation of the belief that a great deal of the present wave of depression is due to constant delay of the Interstate Commerce Commercial to the best settlement of the constant of the constant delay of the Interstate Commerce Commercial to the constant of the cons mission in taking action on the increase in freight rates. I noticed this especi-ally in Chicago. There was, however, a disposition everywhere to feel that the new tariff was an untried issue and was going to upset matters for a long time to come, and that the full force of this twill not be felt until next autumn. When all is said and done, I feel just as I have

Postponement by Congress of all antitrust legislation until the next regular seesion of Congress is asked for by the Merchants' Association of New York, representing a membership of 3,600 of the leading business establishments of New York City. This request is embodied in resolutions adopted by the board of directors of the association.

Charles C. Murray, as receiver of the Cosmopolitan National Bank of Pittsburgh, has filed a bill in equity against the Baltimore and Ohio Railroad Company, asking for an accounting, and alleging that the railroad owes the bank at least \$100,000. It is said in the bill that the bank loaned \$100,000 to contractors who were working for the railroad company, and that the latter took over the construction work, agreeing to settle with the bank.

Philadelphia, Pa., March 18 - The As-Philadelphia, Pa., March is line As-sets Realization Company, which was or-ganized a few years ago by wealthy cap-italists of this city, Chicago and New York to buy up assets of bankrupt com-panies and liquidate them, faces a similar fate itself. Ira M. Cobe, the president told the stockholders at their annual meeting in Camden, N. J. today, that it would be necessary to organize a new company to save the wreckage of the old.

Death Toll Due to Missouri Athletic Club Fire Thirty-one, t. Louis. Mo., March 18.- Five men ar dead, several laborers are missing and fifteen injured persons are being cared for in hospitals today as the result of the falling of the west wall of the Missouri Athletic Club building, which was destroyed by fire a week ago Monday. This made a total of thirty-five deaths

traccable to the fire.

Thirty men were burned to death or leaped and were fatally hurt during the fire. A strong wind blowing on the ruins caused the wall to topple upon the adjoining building, occupied by the St. Louis Seed Company. Tons of wreckage still covered the seed company's building today and Chief Swingley, of the fire department, said he might be forced to use dynamite on the remaining walls of the club building in order to make it safe for workmen to

dig for the bodies which it is believed GOELET'S FRIENDS STILL HOPE.
